ODRASLI IN OTROCI
MORAMO VČASIH NOSITI

ZAŠČITIMO PRED BOLEZNIJO.

Maska se ti bo najprej
zdela neprijetna,
ampak ne skrbi,
navadil se boš na njo.

Tudi, ko nosim masko,
je pomembno, da držim
razdaljo 2 m od osebe
zraven mene.

Še vedno lahko objamem
svojo družino.

5

Maske ne rabim nositi
doma in na domačem

Maska ščiti druge ljudi, če
kijam ali kašljam.
Prav tako ščiti mene,
če drugi počnejo to.

Pomembno je, da umivam
roke in uporabljam razkužilo.

Ko bodo zdravniki
ugotovili,
kako virus preženemo,
mask ne bomo več rabili.
